

ABOUT THE CHARITY

Candlelighters of Southwest Florida Inc

Established over thirty nine years ago, this (501c3) charity continues to be a primary provider of essential programs and services essential to families of children diagnosed with cancer & blood disorders.

Candlelighters understands parents of children with cancer or blood disorders are often young with limited income and have other children in the household. This is why we provide all services at no cost to the entire family.

In support of Childhood Cancer Survivors

Candlelighters must raise its own funds to fulfill our mission. There are no funds from federal, state, or local government nor do we receive financial support from any of the national health organizations. We rely on the generosity of those we touch with our message.
